Steel rails have been advanced. Reason: The trade will bear it; what more do you want to know?

A Chicago preacher says down with the low waist. It couldn't go much lower without making serious trouble.

Under the amended law by the legislature it will go severely hard with the man caught selling liquor in a dry county. Whiskey found in a man's place of business is sufficient evidence to convict.

The editor and his wife, says an exchange, disagree with each other very materially. She sets things to rights and he writes things to set. She reads what others write and he writes what others read. She keeps the devil out of the house as much as possible, and he detains him and could not go to press without him. She knows more things than he writes, and he writes more things than she knows.

The new postoffice ruling just gone into effect imposes a fine of \$500 or one year's imprisonment on anyone who, through carelessness or otherwise, takes some one else's mail and fails to return it immediately. This applies to newspapers as well as letters. People when taking their mail from the office should examine it before going out of the building. It takes only a moment and may save a great deal of trouble.

### QUICK RELIEF FOR ASTHMA.

Miss Maud Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using FOLEY'S HONEY AND TAR and it has never failed to give immediate relief." Dr. J. M. Jones.

### FIRST KICK.

Editor GAZETTE-NEWS:

People who are opposing the electric light project and want a nice, quiet place should move to Enterprise. Houses are cheap, rents low, and they will have no trouble from any source. There are also other quiet places. GREENE.

### MORE KICKS.

Editor GAZETTE-NEWS:

A few blatant, semi-religious, political demagogues are kicking hard against granting the electric light franchise, and thereby exhibiting themselves in the dark sphere to which they belong. They can scarcely be designated tax-payers; and are a nuisance in the town. Citizens, let us get together and load them on Mrs. Stanley's train, and dump the cargo over in Enterprise, Welaka or Seville, where they can find congenial surroundings.

Florida is now in great, good luck. Frank Clark, the inexhaustible gas bag, and political fakir, has hid himself away, for good, to Oklahoma Territory. This is certainly a good riddance. Another streak of good fortune is the adjournment of the mob known as the Florida Legislature. There never was such a motley rabble seen at any State's capital, and their Insanity Divorce Bill is an insult, even to barbarism. They deserve to be ostracized from all human society, and loathed by every mother, wife and daughter in all Florida.

Our County Commissioner made his accustomed pilgrimage this month to DeLand, to help the other "discounts" audit their bills and pocket his pro rata. The roads of this section are impassable, through his neglect, and we propose to howl to the line, let the chips fall where they may. This coast section pays the heavy end of the taxes, and we are getting no roads for our money. The patience of our citizens is well nigh exhausted, and they are determined to make it interesting (?) for the "fossils."

The town's aldermanic board is a mixed conglomeration of the greatest (?) business faculties on the surface of this planet, and, were it not for the wise suggestions of some garulous old ladies in pants, who usually attend their meetings, the condition of the "burg" would be something deplorable—just what it was during the recent rain storm. It is proposed to construct a solid raft for the sole use of our Common Council, and, during the next deluge, with Ross Miller, the negro barber and heavy (?) tax-payer, as pilot, to float them over all the "low" and flooded side-walks in town in order to give them an object lesson.

The following is one of the prettiest sermons ever written in so few words: "I saw a dancing bubble upon the silver surface of a restless river. For a moment it sparkled with a golden light as it caught the sunshine's glory and I thought how beautiful it was. Then it went clear down. For a moment the river told me where it had vanished and then swept on without even a ripple on its placid bosom. And I thought how like our lives was the bubble on the river. For a moment we struggle in our tiny spheres—hope and toil and struggle, love and long and dream, and then go down beneath the surface forever. In a short time the tiny ripples we have caused die out and the great river of humanity flows on undisturbed. So let us strive with our brief existence to reflect only the sunshine, not mirror the clouds above us."

ASPRAINED ANKLE QUICKLY CURED  
"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by all druggists.

### Holly Hill News.

Mrs. Chas. Harris went with some Daytona friends to the inlet Monday. The "Yankee Doodle" made a trip to the inlet, carrying a party of thirty, and from all accounts a gay time was spent.

Mr. McCoy has moved his house to the river front, and is making other improvements. He will find the comparative absence of the mosquito adds much to his comfort.

W. B. Heath, formerly of Holly Hill, writes from Canada of the many beautiful flower gardens he sees. Why do not we in Florida try to beautify our places with a more generous cultivation of the many flowers which would grow here?

Mrs. G. W. Harris has been confined to her bed for the past week, owing to a sprained shoulder, which causes much pain. We should like to see her about again, and hope ere long she will be enjoying her accustomed good health. Mr. Harris is feeling better.

On Thursday the "Tomoka" took a party up the river whose name she bears. A number whose first trip it was were much delighted with the beauty of the scenery at the second cabin, where the "Princess Isena" is taking her summer vacation. All enjoyed a sumptuous luncheon and returned home feeling they had spent a pleasant day. Mr. Roxby and elder son joined the party at the cabin, having wheeled over there in the early morning, and were thus able to secure some very beautiful photographs.

### A GOOD COUGH MEDICINE.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following influenza, and find it very efficacious." For sale by all druggists.
